## Intro

I'm a software engineer who has done dozens of projects using java technologies during my undergraduate education and business life for I aim to be a good java developer. At the same time I have strong skills with technologies such as Go and Javascript also I am interested in Devops , Unix systems and new Technology products . I'm a highly productive, self motivated engineer with strong communication skills . At the same time I don't hesitate to blog .

## Experience

### **Tokmak Technology @ Mersin**

Software Engineering Intern (June 2017 - August 2017)

Developed a web application for the use of disabled care centers in Turkey. I developed backend services using spring ecosystem .

### **Hemen Geliriz @ Mersin**

Software Engineer (April 2019 - May 2019)

I developed a mobile application of [hemengeliz.com](https://hemengeliz.com) using React native .

### **Deka Technology @ Istanbul**

Java Software Engineer (June 2019 - June 2020 )

Real Estate Pricing Project

In order to make pricing in real estate sales, it is aimed to develop an application where equivalent advertisements, expertise data, actual sales data can be seen by sales person and optimize pricing according to collected data

### **Anadolu Efes contracted by Deka Technology @ Istanbul**

Java Enterprise Integration Engineer (June 2020 - )

Necessary integrations were made within the scope of the transformation in Microservice Architecture. Also I used a lot of protocols (Https ,Sftp,Soap ,Tcp,Amqp ) . Main Techs: Spring Ecosystem, Apache Camel ,Redhat Fuse, Efk ,Ci & Cd (Openshift,Jenkins,Azure)

## Knowledge and Experience

General Technologies: Spring Ecosystem , Java , Go , Javascript , Jpa,Enterprise Integration Patterns

Databases: PostgreSQL, Redis , MongoDB , Elasticsearch

Front end : React

Systems: \*nix (pipes , awk , curl , httpie , jq ,tmux , zsh , ...)

IDEs: IntelliJ Idea , Eclipse, Vs Code

Other Technologies : Http , Soap , Fluentd , Vert.x, Quarkus ,Spring Webflux, Kafka , Docker ,Kubernetes

## **Education**

Engineering Faculty Software Engineering - Firat University, 2019.

Hacı Zarife Çelebi Aygar Anatolian High School , 2014.

## **Licenses Certifications**

Application development with spring boot - Mustafa Akgül Özgür Yazılım Yaz Kampı , 2017.

Jakarta EE and Spring Mvc training - Secret Course , 2017.

Test engineering and software quality - Turkcell , 2017.

Clean Code - Secret Course,2020

3scale Api Management and Fuse - Red Hat
